# TECHNICAL DATA SHEET

Revision: 2 luglio 2015

## MONTENAPOLEONE

Golden spatula decorative coating.

### General Characteristics

---

- Composition:** It is high precious satin pearl decorative refinishing indicated for indoor decoration of walls of modern and antiques buildings.
- Recommended usage:** For its elegance it is Indicated for indoor decoration of walls and plasters (pretreated with our Fond Plus) of artistically interesting modern and antiques buildings.

### Preparation

---

**Surface preparation:**

Prepare the surface with powder or pasty putty as (such as Flystuk). After about 12 hours from the end of the application treat with abrasive papers: It is recommended a grain type P120. Apply 1 coat of acrylic fixative FISSACRIL diluted with water 1:1/1:3 depending on the surface. After 4-5 hours apply - by a roller - 2 coats of Fond Plus (colored in the same shade of the decoration that has to be realized) at an interval of 5-6 hours from one another. Once the primer has well dried proceed applying 1 coat of Montenapoleone by using a stainless spatula uniformly over the surface. After 6/8 hours apply a second coat of Montenapoleone. When it is still wet, work it with a stainless spatula with cross movements starting from the top towards the bottom from the right to the left.

### Application techniques

---

**Application methods:**

*Stainless steel spatula:* Product ready to use. For particular needs it can be diluted with water.

Temperature of application:	+5 ÷ +35	°C
Humidity for application:	< 85%	
Recommended thickness:	0,5 ÷ 1	mm per coat
Touch dry:	2	h
Recoatable after:	4 – 6	h
Completely cured after:	24	h
Tools cleaning:	with water	

## Colouring

---

The product could be colored with Tinting System L'ANGELO OX, as well Universal toners that can be found on the market.

It is recommended to mix different batches to avoid possible differences of shades during the application.

## Technical properties

---

Density:	1,2 ÷ 1,3	Kg/l
Viscosity:	8000	cPs
pH:	7-8	
Weight solids:	72%	
Coverage:	5-8	mq/Kg
Colour:	Color Folder	
Aspect:	golden	
Pack size:	0,75- 5 -14	litri

## Storage

---

Shelf-life: not less than 2 years original tightly closed. Store away from direct sun and excessive heat.

The can should be resealed and stored tightly closed. Store it upside down after use.

Min storage temperature: +5°C

Max storage temperature: +5°C
